Boundary-matched geometries on the periodic torus
A: 2/6 × 6/6 system; weight 2/3
C: 6/6 × 2/6 system; weight 1/3
B: 2/6 × 4/6 system; weight -1
A: 3/6 × 6/6 system; weight 1/2
C: 6/6 × 3/6 system; weight 1/2
B: 3/6 × 3/6 system; weight -1

primitive-cell coordinate
Solid: entanglement cut. Dashed: periodic seam. Translate all three regions together.
Coordinates are schematic; physical B corners are 60° and 120°, not right angles.
